Title: Need to include the State of Orissa in the proposed six circuits to be developed to boost tourism.

SHRI KHARABELA SWAIN (BALASORE): Mr. Chairman, Sir, in this year's Budget, the hon. Finance Minister has declared that six circuits of tourist importance will be declared in India to be developed on international standard, and very promptly the hon. Tourism Minister has declared those six circuits. But most surprisingly, Orissa has not been included in those circuits. With regard to tourist attraction, Orissa is second to none and because of this, we expected that Orissa would be included. If it is included and if it is developed on international standard, then the infrastructure in Orissa will develop and it will give boost to economic growth and employment generation. So, I would appeal to the hon. Tourism Minister, through the hon. Minister of Parliamentary Affairs who is present here, that Orissa should also be included to give boost to tourism.
